Flexible, Turnkey Solutions From a Trusted Source

Company Snapshot

Multi-Craft Contractors (MCC) has been providing flexible, turnkey solutions since 1972. As a trusted source, we prioritize the success of our clients and employees. Our commitment to this principle has fueled our steady growth and success over the years. Initially founded as a basic MEP contractor, MCC has evolved into a comprehensive turnkey, design-build contractor, providing all major project trades under one roof. With a dedicated team qualified professionals, including craftsmen, designers, engineers, project managers, and support personnel, MCC is well-equipped to deliver total project solutions from concept to completion. Not only does MCC have a "deep bench" of talent to focus on your project, we also have a broad knowledge and experience base to share with your design team. Choose MCC for a unique turnkey, design-build approach. Whether you are planning a time-critical shut-down, a plant expansion, or a new construction project, we invite you to leverage our expertise. It would be our honor to collaborate with you and contribute to your success!
